

## **AXIS Camera Station S1132 Tower Recorder**

Out-of-the-box ready server and client for UHD surveillance

AXIS Camera Station S1132 Tower Recorder is an out-of-the-box ready-to-use server and client in tower form factor, validated for reliable ultra-high-definition recording and monitoring. It comes preconfigured and preloaded with AXIS Camera Station including licenses for 32 channels, as well as all the necessary software. The system configuration can be imported from AXIS Site Designer and AXIS Camera Station lets users take advantage of the wide range of Axis video surveillance devices. With redundant enterprise-grade hard drives and power supplies, operating system stored on solid-state drive (SSD) and built-in operating system recovery, AXIS S1132 Tower provides high-performance and reliability for your system.

- > Flexible storage options including RAID
- > Optimized for Axis network products
- > Quick system setup and intuitive operation
- > Validated with extensive support
- > AXIS Camera Station licenses included
